

Search Status Key

Draft Unapproved draft search plan.

Open The search plan has been approved and applicants can now apply.

Closed but not Final No new applications accepted. Applicants who started an application before the Close date can make edits.

Final and Closed No new applications accepted and applicants can no longer modify their applications. This status references the Final and Close dates. **The search has not been concluded.**

Canceled **The search has been concluded** with the selected Search outcome "Canceled."

No candidates proposed **The search has been concluded** with the selected Search outcome "No candidates proposed."

No candidates hired **The search has been concluded** with the selected Search outcome "No candidates hired."

Candidates hired **The search has been concluded** with the selected Search outcome "Candidates hired."

Inactive The search was made inactive before the conclusions feature existed. Note that this status is no longer available for new recruitments since the implementation of the Conclusion feature.

Include the **Concluded column** in your workspace and filter or sort by it to determine which searches need to be concluded.

Note: all searches that are Inactive or Concluded will remain hidden from search committee reviewers.
